## **Chiropractic USA in Kirkland is having a Patient Appreciation Day with Free Toy and Consumer Product Testing**

Bellevue, WA June 5, 2008

*Essco Safety Check is participating in Chiropractic USA's first annual Patient Appreciation Day. On June 11<sup>th</sup>, 2008 Chiropractic USA will be dressing up and showering you with food, fun and free services.*

*Between 8:30 AM - 9:30 AM & 4:30 PM – 6:00 PM on Wednesday, June 11<sup>th</sup>, 2008, Essco Safety Check is offering FREE toy and consumer product testing. Chiropractic USA is located Kirkland at 12305 120<sup>th</sup> Avenue NE, Suite A, Kirkland, WA 98034.*

Essco Safety Check has a goal to help people and businesses “know what is in their environment.” We use laboratory-grade, handheld, X-ray Fluorescence (XRF) analyzers to detect the presence of a variety of toxic substances within your home or business. We do testing to check for potential toxins such as lead, cadmium, arsenic, mercury, chlorine, PVC and many other elements.

*With increasing frequency, toys and other consumer products have been recalled due to high levels of lead. As consumers become more knowledgeable of the prevalence and dangers of lead, they are also becoming more aware of the potentially adverse health effects of other toxins such as mercury, arsenic, cadmium, and chlorine.*

If you would like toys or any consumer products tested for potential toxic elements, or if you have any questions about our in-home inspection service, commercial or industrial inspection services, please join us at Chiropractic USA, in Kirkland, WA on June 11<sup>th</sup>.
