Essco Safety Check to offer Toy Testing at Bellevue YMCA

Essco Safety Check is participating in an evening community event at the Bellevue YMCA

On Friday, February 1st, 2008 between the hours of 6pm and 8pm Essco Safety Check will be performing toy and consumer product testing. This event is Free for YMCA members and will cost \$5 for community members, no registration is required.

With increasing frequency, toys and other consumer products have been recalled due to high levels of lead. As consumers become more knowledgeable of the prevalence and dangers of lead, they are also becoming more aware of the potentially adverse health effects of other toxins such as mercury, arsenic, cadmium, and chlorine.

Essco Safety Check uses laboratory-grade, handheld, X-ray Fluorescence (XRF) analyzers to detect the presence of a variety of toxic substances within your home or business.

If you would like toys or any consumer product tested, please join us at the Bellevue Family YMCA located at 14230 Bel-Red Road, Bellevue, WA 98007, Friday, February 1st, 2008 between the hours of 6pm and 8pm.
