Free Toy Testing at Northshore and Bellevue YMCA's

Bellevue, WA March 13, 2008

Essco Safety Check is participating YMCA Healthy Kids Day

On Saturday April 12, from 10 am to 2 pm, Northshore & Bellevue YMCA's will host their annual Healthy Kids Day event. YMCA Healthy Kids Day is an annual nation-wide event that supports the growth and development of children.

Essco Safety Check will provide FREE toy and consumer product testing to the public at these locations

With increasing frequency, toys and other consumer products have been recalled due to high levels of lead. As consumers become more knowledgeable of the prevalence and dangers of lead, they are also becoming more aware of the potentially adverse health effects of other toxins such as mercury, arsenic, cadmium, and chlorine.

Essco Safety Check uses laboratory-grade, handheld, X-ray Fluorescence (XRF) analyzers to detect the presence of a variety of toxic substances within your home or business. We do testing to check for potential toxins such as lead, cadmium, arsenic, mercury, chlorine, PVC and many other elements.

If you would like toys or any consumer product tested, please join us at either the Northshore or Bellevue Family YMCAs. Northshore is located at 1181 NE 195th Bothell, WA 98011 and Bellevue is located at 14230 Bel-Red Road, Bellevue, WA 98007, Saturday April 12, from 10 am to 2 pm
