## Free toy and consumer product testing August 2<sup>nd</sup>, 2008

Bellevue, WA July 14<sup>th</sup>, 2008

*Essco Safety Check is participating in the Snohomish County Family Health Fair on Saturday, August 2<sup>nd</sup>, 2008 at Forest Park, Everett WA in association with Le Leche League of Washington.*

On Saturday August 2<sup>th</sup> between 10AM and 2PM, Essco Safety Check will be available at Forest Park in Everett, Washington to answer questions about our services and provide FREE toy and consumer product testing to the public. This event is in conjunction with the 2008 Snohomish County Breastfeeding Celebration.

Essco Safety Check has a goal to help people and businesses “know what is in their environment.” We use laboratory-grade, handheld, X-ray Fluorescence (XRF) analyzers to detect the presence of a variety of toxic substances within your home or business. We do testing to check for potential toxins such as lead, cadmium, arsenic, mercury, chlorine, PVC and many other elements.

*With increasing frequency, toys and other consumer products have been recalled due to high levels of lead. As consumers become more knowledgeable of the prevalence and dangers of lead, they are also becoming more aware of the potentially adverse health effects of other toxins such as mercury, arsenic, cadmium, and chlorine.*

If you would like toys or any consumer products tested for potential toxic elements, or if you have any questions about our in-home inspection service, commercial or industrial inspection services, please join us at Forest Park, 802 E Mukilteo Blvd, Everett, WA 98203 between 10 AM and 2 PM on both Saturday August 2<sup>nd</sup>, 2008
